PARIS OFFICE, IS AVENUE DE

ment Down to Business. the greatest business undertaking on \$30,000,000,000, was made to look matter how large it was earth: Far seven years the American favorable to all.

voted as Secutor to get the country and the people back to a normal basis He sald:

Tarnethe reliconfe buckened # our face against Government ownership. What is Government ownership except a compromise with 80cialism? Get rid of paternalism?"

Again be said:

"I grant that it was necessary to concentrate provens on the deverse. ment during the war re as to enforce of their feet. As Governmen peace. In windless the war the conand voted for it

"But the dangers of war time are passed and we must free the people from these reativitiess. It is uneless to expect old time initiative and enterprise without old time freedom of setton. I believe the prime need of the hour is to end unnecessary inter-

Federal taxes. The billion a Year that we used to spend came from internal revenue taxes of liquies tebases and the time and customs takes. on Imports. The man who finally paid the taxes did not know he was doing it in most mutaness.

Before the war people who wanted the Government to do nearly everything were restrained by apparent lack of money. They are the Government spending a billion or so a year; they saw it spending all that was plainty in sight and they heard constant cries for economs. They did not know there was more money to be tapped; at least they did not realize it clearly. But the war showed that the United States Goverament could get billions upon billlons in emergencies and that it could levy taxes running into billions each year. And having had a glimpse of all that money newer, the spenders descended on the Government with ..
